

The Ultimate Jobsite Cleaning Tool

The industry's strongest magnet assembly, combined with a bigger pick-up area, make this rugged tool the best value for the money. Keep your job site from digging its nails into your cleanup routine with NailHawg™.

- Unique foot or hand debris release.
- Multiple height adjustments (1" - 2 ½").
- Strong magnets with 140/160 lbs deadlift.
- Fully anodized body for rugged durability.
- 7" steel wheels w/rubber tread & bearings.
- Sweep will stand upright on its own when stationary.
- Available in a 25" and 31" model.

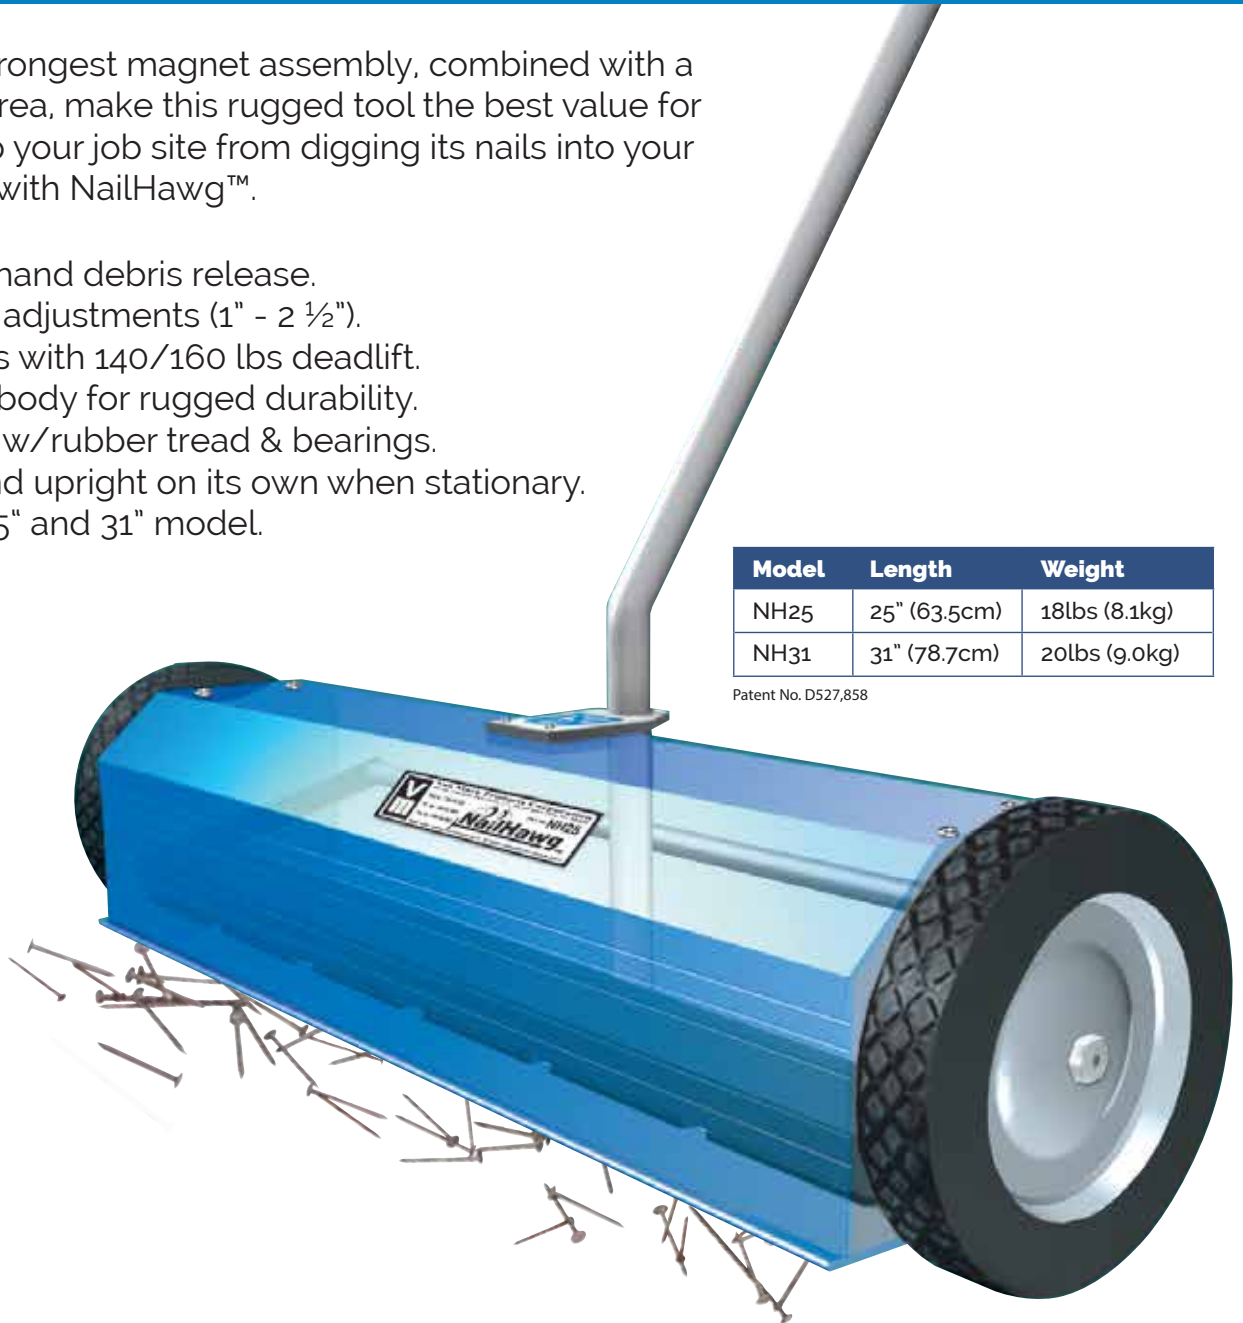

Magnet picks up nails others miss

Toe-release nails onto debris tarp...

...or hand release nails into trash bin.

Model	Length	Weight
NH25	25" (63.5cm)	18lbs (8.1kg)
NH31	31" (78.7cm)	20lbs (9.0kg)

Patent No. D527,858
